

# BB PIG 1600

## GROWER/FINISHER 16% PELLET

Important protein levels for gestating and lactating sows, and growing finishing pigs.

**MULTIPLE SOURCES OF PROTEIN**- A combination of protein sources to achieve the complete balance of amino acids supporting maximum gain

**LIQUID ANIMAL FAT**- Buckley Bros. adds animal fat to increase caloric levels of the product. Fat has 225% more calories than corn or protein sources. Reduces dust and improves palatability. This energy density helps provide an efficient cover or condition after the pig is grown for a proper finish on large statured, big framed market hogs.

**AMINO ACID/ENERGY BALANCED**- The combination of corn, fat and high amino acid levels promote maximum lean daily gain as efficiently as possible.

**VITAMINS & MINERALS**- All the vitamins, trace and macro minerals for growing finishing pigs. 1.50/1.0 calcium/phosphorus ratio. Added Zinc for an improved immune system, skin and hoof integrity.

**NO MEDICATION** – No drugs, hormones, or antibiotics.
